

表 1. 試料表

| ボーリング番号-<br>試料番号 | 深度 (m)        | 備考      |         | 花粉   | 珪藻   | イオウ | 有孔虫  |
|------------------|---------------|---------|---------|------|------|-----|------|
| B1H-D1           | 1.34-1.41     |         |         |      |      |     |      |
| B1H-D2           | 2.77-2.84     |         |         |      |      |     |      |
| B1H-D3           | 4.30-4.38     |         |         |      |      |     |      |
| B1H-D4           | 9.03-9.11     |         |         |      |      |     |      |
| B1H-D5           | 9.56-9.65     |         |         |      |      |     |      |
| B1H-D6           | 10.58-10.66   |         |         |      |      |     |      |
| B1H-D7           | 17.84-17.91   |         |         |      |      |     |      |
| B4H-D1           | 2.75-2.81     |         |         |      |      |     |      |
| B4H-D2           | 4.73-4.79     |         |         |      |      |     |      |
| B4H-D3           | 6.83-6.92     |         |         |      |      |     |      |
| B6N-D1           | 2.13-2.18     |         |         |      |      |     |      |
| B6N-D2           | 4.07-4.13     |         |         |      |      |     |      |
| B6N-D3           | 6.57-6.63     |         |         |      |      |     |      |
| B6N-D4           | 14.65-14.75   |         |         |      |      |     |      |
| B6N-D5           | 18.40-18.48   |         |         |      |      |     |      |
| B6N-D6           | 25.62-25.71   |         |         |      |      |     |      |
| B6N-D7           | 34.52-34.56   |         |         |      |      |     |      |
| B6N-D8           | 38.04-38.10   |         |         |      |      |     |      |
| B6N-D9           | 40.44-40.50   |         |         |      |      |     |      |
| B6N-D10          | 42.32-42.38   |         |         |      |      |     |      |
| B6N-D11          | 49.09-49.30   |         |         |      |      |     |      |
| B6N-D12          | 51.08-51.18   |         |         |      |      |     |      |
| B6N-D13          | 53.60-53.66   |         |         |      |      |     |      |
| B6N-D14          | 56.00-56.06   |         |         |      |      |     |      |
| B6N-D15          | 58.11-58.16   |         |         |      |      |     |      |
| B6N-D16          | 60.33-60.39   |         |         |      |      |     |      |
| B6N-D17          | 52.34-62.40   |         |         |      |      |     |      |
| B6N-D18          | 69.53-69.60   |         |         |      |      |     |      |
| B6N-D19          | 71.20-71.26   |         |         |      |      |     |      |
